

## In House Tests:

Tried to crash by putting numbers into the name gen

Worked fine

Tried to crash by putting changing class back and forth several points

Worked fine

Tried to crash by putting incorrect numbers into the spinboxes

Error, created update function

Tried to crash by going below 0 on available points

Error, expanded update function

Tried to crash by going above 20 on available points

Worked fine

Tried to crash by changing pictures

Error, changed jpg's to png's

## Field tests

1

No crashes

Pros – easy to use, and simple with a lot of possible options

Cons – needed way to finish / submit (created the submit button)

2

No crashes

Pros – good layout

Cons – could use some colour (don't know how)

3

No crashes

Pros – good layout and feel, tried to cheat and was fixed

Cons – could add more classes / classes effecting stats in the future
